

Publish Gawronski's article

Dr. Daniel A. Gawronski, asst. professor of psychology and education, in collaboration with Dr. Claude Mathis of Northwestern University, has had published an article "Difference Between Over - Achieving, Normal - Achieving, and Under - Achieving High School Students," in *Readings in Adolescent Psychology*, edited by Marvin Powell and Allen H. Frerichs. The book was published by the Burgess Publishing Co. this year.

Gawronski

Gawronski, who joined the faculty last year, has worked with the Indiana State vocational rehabilitation program; the Skokie, Ill. program for emotionally disturbed children; and for the Illinois Dept. of Mental Health. He has Ph.D., Masters and Bachelors degrees from Northwestern University and is an ordained minister.

Gawronski is one of the founders of the Tri-City Mental Health Center, Inc., formed to provide mental health service for Hammond, East Chicago and Whiting. Dr. Winston Harper of East Chicago is chairman of the Board of Directors.

The Tri-City organization hopes to set up a center to provide care for persons who do not require complete hospitalization, and provide a place for public education and training for persons interested in working in such a service. Gawronski is hopeful that eventually the college will take an active part in the training of personnel for the staff—mental health aides through an associate arts degree, and technicians with a bachelor's degree.

"Ultimately we plan to provide services for treatment of alcoholics and narcotics victims," said Gawronski. "It is hard to believe that the 13 beds at St. Catherine's Hospital are all the facilities now available for mentally disturbed in the three-city area."

Gawronski and his wife Wilma live in Hammond with their 3 sons, ages 9, 7 and 3 and 18-month-old daughter.

Alumni Association officers are George Carlson, Robert Vellutini, Ruth Carlos and Michael Mehan.

Alumni sponsor career night

The Alumni Association sponsored a career night in accounting in November at the college.

Six accounting graduates presented various career descriptions to junior and senior accounting students and other interested persons.

George D. Carlson, 1969 accounting graduate, is president of the Association.

Other officers of the 1100 member association are Robert Vellutini, 1967 accounting graduate, vice president; Ruth M. Carlos, 1970 sociology

major, secretary; Michael J. Mehan, 1965 business major, treasurer.

Carlson is an auditor with Arthur Anderson & Co., Chicago accounting firm.

Vellutini, of East Chicago, is associated with Daniel T. Daly & Co. in Munster.

Miss Carlos, of Calumet City, Ill., is teaching in the Thornton township school system.

Mehan, a sales representative for State Farm Insurance Co., lives in Griffith.

Elect 2 professors to Board of Trustees

James L. Fattore, Jr., chairman of the Division of Management and Robert Donnelly, chairman of the Division of Fine and Applied Arts, have been elected faculty representatives to the Board of Trustees.

Fattore, who lives in South Holland, Ill., was elected to a two-year term, and Donnelly, of Hammond, was elected to a one-year term.

A member of the faculty since 1960, Fattore is also a member of the President's Council, an advisory group of faculty and administrative representatives.

Donnelly was named chairman of the speech and theatre department at the college a year ago and previously had been acting director of theatre at Hampton Institute in Virginia.

History professor continues research on Civil War book

John A. Logan (1826-1886), Civil War general and United States Senator and Republican leader in Illinois, is subject of research now being undertaken by Dr. George Fleming, professor of history.

Fleming

"My interest, aside from the biographical story of an colorful life, is in the exploration of leadership, especially political, in the 19th century context. How did the qualities of civil and military leadership relate? How did a political "machine" function? are among the interesting questions," Fleming explained.

"Source materials for the project are chiefly Logan papers (mostly letters to him, and family papers) in Manuscripts Division, Library of Congress, Washington, and in the Illinois State Historical Library, Springfield. I have worked also in the National Archives, Washington, the State Archives, Springfield, and in several county courthouses in Southern Illinois. Last May several former students and I investigated records in Springfield, Shawneetown, Benton, and Cairo.

"I have completed a draft, which showed up some weaknesses and gaps. My present task is filling in the gaps as well as I can, and then rewriting the draft," Fleming concluded.

College offers extension classes in Portage

Dr. Charles Stevens, professor of mathematics, teaches class in Portage.

Forty-two students are enrolled in the adult extension classes offered by the college at Portage (Indiana) High School. The classes meet from 7-10 p.m. Monday, Tuesday, Wednesday and Thursday and carry full college credit.

Presently being offered are Management 22, English 3, Mathematics 1, English 23 and Psychology 10. All are taught by regular college faculty

and carry full college credit.

Some of the students are transfers from other colleges, some have had no previous college, some are also enrolled on the East Chicago campus.

The program began this fall in response to a request from Ken Woodruff, director, Portage Adult Education, with approval of the St. Joseph's Calumet College Board of Trustees.
